## Spring 2014 *Look Book*

Welcome to our Spring 2014 Look Book. Enjoy an elegant combination of style and purpose with our classic hand woven market baskets.

“

Every decision we make directly affects our planet, our environment and all living beings. We offer classic, eco-chic styling with a global focus. Sourcing our products thoughtfully and ethically is critically important to us. Our mission is to offer style . . . with purpose.

## GUATEMALA & MOROCCO

### *We Source Respectfully from Global Artisans.*

Our market baskets are hand woven in Guatemala and Morocco out of renewable resources, including water reeds and palm leaves, and are trimmed with natural leather. We strive to build strong, mutually beneficial relationships with the artisans. Each basket is a unique work of art - a one of a kind expression of the person who wove it.
